# Nameoki Rd. Court Proceedings in 2 Weeks

State, City Clearing  
Condemnation Data  
For Attorney General

The Illinois State Highway Department district office at French Village expects to begin work on condemnation proceedings for the Nameoki road improvement right-of-way within the next two weeks, Arthur Kettner, district, right-of-way engineer, told the Press-Record this morning.

Kettner said that all arrangements to secure all necessary data for condemnation proceedings against tracts of land still needed for right-of-way on the Nameoki road have been discussed and worked out satisfactorily in a meeting Friday with City Atty. George Fickoff, who has been in charge of negotiating right-of-way tracts.

The engineer said that he expects to have all necessary data to begin preparation of the condemnation report within two weeks. That report will be submitted to the attorney general's office at Springfield for assignment of an assistant for filing the condemnation cases.

Kettner said that he was unable to begin such proceedings on the basis of the city's condemnation report received by him on March 8 because such information as the status of negotiations and the status of purchase offers were not clear in some cases.

He said that he and Fickoff came to a complete understanding as to what is needed by the state for filing the condemnation cases and that Fickoff said this information would be prepared immediately.

Condemnation proceedings are expected to take from six to eight weeks. It is also hoped widening of the roadway from Madison avenue north to the city limit can be started this summer.

# TRRA Withdraws 1963 Tax Value Protest

In a surprise move which it gave no immediate cause for the action, the Terminal Railroad Association, Madison county's largest railroad taxpayer, obtained a circuit court order today permitting it to withdraw all of its valuation objections to its 1963 tax bill.

The order permitting the withdrawal was issued in circuit court, Edwardsville, this morning by Circuit Judge James O. Monroe Jr., who was the presiding judge at last summer's hearings on the years of valuation objections filed by 13 railroads and involving \$2,000,000.

This morning's court order permitted a 100% withdrawal "with no strings attached," according to a letter from the Terminal Railroad Association to the Board of Assessors.

The action will mean distribution of the \$2,000,000 in tax that had been tied up by the Terminal's objections to 1963 taxes. The railroads will go back to paying taxes on the basis of the 1962 valuations.

# First Litigation of Kind

As no legal review was sought by the railroad, it should be made to pay taxes on the initial assessments made by the state. The county claims, and the railroads have no current right to interfere with the normal processes of the law and the collection and distribution on taxes on grounds that the valuations are excessive. The litigation was said to be the first of its type to be filed in an Illinois court.

Meanwhile, the Illinois Supreme court refused to grant a county motion to dismiss the appeals by the 13 railroads on grounds that they did not exhaust their administrative remedies before taking the case to court.

Arguments were heard Thursday in Springfield before the supreme court was told that the county suit involving \$2 million in railroad taxes could decide the outcome of \$40 million in taxes being held in escrow throughout the year.

## Fractures Wrist

Admitted Friday to St. Elizabeth Hospital, after she fractured her right wrist in an accident involving a trampoline at Granite City high school, was Sandra Dix, 16, daughter of Mr. and Mrs. Wilbur Dix, 221 Lenox avenue.

## Fire Damages Former Hyde Park Building

Fire that burned for more than an hour in the old Hyde Park Casino building on Main street at the foot of McKinley bridge destroyed the north side of the building and part of the roof late Friday afternoon. Cause of the fire was not determined.

Vast clouds of black smoke attracted hundreds of sightseers and the rush hour traffic off the bridge created heavy traffic snarls. No estimate was placed on the damage by Venice firemen who were called at 4:20 p.m. when the fire was discovered. The building once was the site of the widely-known Hyde Park gambling casino and later housed a tavern. The building has been vacant for several years.

Walter W. Miller, 38, St. Louis, was arrested during the fire on a charge of displaying a signal by a police officer. Police said Miller moved into the wrong lane of traffic against directions while police were trying to direct traffic around fire trucks. Miller posted bond pending a hearing March 29.

## A. O. Smith Upheld By Appeals Court In Strike Layoffs

The United Circuit Court of Appeals at Chicago has sustained the A. O. Smith Corp. in the decision, layoff and discharge of 23 employees, some of whom conducted a strike at the Granite City plant early in 1958.

The A. O. Smith Corp. had discharged the employees alleging they picketed the plant in violation of a contract provision against strikes and work stoppages during the term of an agreement with the Boilermakers Union.

In so holding, the Seventh Circuit Court reversed a prior determination of the National Labor Relations Board. The court further held that the A. O. Smith Corp. did not unlawfully assist the Boilermakers Union which represents employees at the Granite City plant, with one minor exception concerning the furnishing of a list of employees to such union.

A spokesman at the plant said

## Windows are Broken At Four Homes in GC

Window smashing vandals were at work again over the weekend in residential sections of the Nareski area, and four such acts of vandalism were reported to police.

Last night Lee Rollins, 3124 Willow avenue, reported a bedroom window in his home had been smashed with a rock; and H. O. Dickerson, 3012 Forest avenue, told police two panes of glass in a front window of his home had been broken with a rock.

A rock was hurled through a front storm window at the home of Byron Briners, 3041 Ash avenue, it was reported on Saturday.

James J. Jones, 2900 Wilson avenue, said a bottle had been thrown through a storm window at his home and a rock had been hurled through a garage window.

Today the Seventh Circuit Court of Appeals decision "vindicates the company by affirming that it did violate the rights of any of its Granite City employees."

## Dooher Answers Mayor Candidate On City Purchases

Granite City Councilman John Dooher replied Saturday to remarks concerning city purchasing procedures made during the mayor candidate forum last Tuesday evening.

"In criticism of city purchasing procedures, a statement was made by Mr. Sternberg, a candidate for mayor, to the effect that in the purchase of concrete mix concrete from different vendors, the price varied as much as a dollar per cubic yard."

"The city purchased 512-cubic mixture from three vendors. The cost per cubic yard from said vendors was as follows: the lowest \$13.87 per cubic yard, second lowest \$13.90 per cubic yard and the highest \$14.00 per cubic yard. Practically all of the 512-cubic mixture was purchased from a different vendor for \$13.87 per cubic yard."

"The only time the price per cubic yard would be in excess of the above stated prices would be when a small quantity such as one cubic yard or one and one half cubic yards would be ordered, and it is understandable that in such cases, considering the cost involved, the charge would be somewhat higher than for instance when the quantity ordered would be six cubic yards."

"The statement also was made that the city could save \$80,000 per year by different purchasing procedure."

"The total amount expended for the operation of the city for a period of ten months of the present fiscal year (period from May 1, 1964 through February 1965) was \$1,073,938.88."

"Following are the amounts of expenditures for salaries, for items that can be obtained on just one vendor, uniform allowances of \$100 for each patrolman, expense allowance, garbage contract, gasoline and large items purchased on the basis of bids received:

"Salaries: \$649,348, electricity and gas \$21,766, telephone \$1304, water \$15,906, uniform allowances \$3990, expense allowances \$9615, gasoline \$11,006, new fire station \$43,907, sidewalk repairs \$14,737, curb and gutter repairs \$18,343, new automotive equipment \$30,988, and garbage collection contract \$122,916 — total \$843,831. When this amount is deducted from the total amount of expenditures (\$1,073,938.88) a balance of \$230,107 remains for the cost of all other operating expenses. If, as stated, a savings on purchases of \$80,000 could be accomplished in 12 months, then a savings of approximately \$66,667 should be accomplished in ten months, which amount is \$159 plus the expense figure of \$130,006.89. Such a savings is an impossibility."

## GCAARC Meets Tonight—Plans Membership Drive

Granite City Association For Aid To Retarded Children will meet at 7:30 tonight at St. John United Church of Christ, when the guest speaker will be Robert Smith, a counselor at the Alton vocational-rehabilitation center. The public is being invited to hear Smith, whose topic will deal with job placement and training requirements.

Presently, the local association is conducting an intensive membership drive in connection with a nationwide project of the Na-

tional Association For Retarded Children. The national non-profit organization, along with its 1000 affiliated groups, is calling attention to the need for additional public support of the many varied programs designed to assist the mentally retarded.

Special emphasis is being placed on the need for 50,000 additional teachers to reach more retarded children through special education classes in local school districts. Another important phase of the national program is the development of new techniques in the field of vocational rehabilitation.

Mrs. Evelyn Gavin, GCAARC president, said the membership drive will continue through March, and parents of all children in special education classes are being contacted and invited to join the local association. Mrs. Gavin, a teacher of educable children, is currently being educated through the ten-year-old special education program in Granite City schools. The local membership drive is being directed by Mrs. Gavin.

Among the many projects of the GCAARC is a two-week summer day camp to be conducted this year from June 14 to 25 at Wilson Park. More than 50 area youngsters attended daily sessions last year. Mrs. Gavin said, and an increased number is expected to participate this summer.

She praised the Granite City park district commissioners for their cooperation with the summer camp program, which includes such activities as handicraft, games, lunches and field outings. With the exception of a single paid supervisor, the camp is conducted primarily with volunteer help. In past years, teenage boys and girls have assisted the association with the summer program, which is not restricted to children of members.

Other projects of the group include the recent purchase of a bus to transport the children on outings, and sponsorship of a Cub Pack under the leadership of Albert Beedle, which meets each week at Lake Shore.

The association also is interested in legislative issues concerning mental retardation and is supporting the mandatory testing for retardation of infants at birth, as proposed in a current bill before the Illinois State Assembly.

Frank "Fritz" Barunica, candidate for alderman in the First Ward, said today he is still a resident of the ward despite a move from the "behind-the-mill" area to the 1900 block of Grand avenue. The First Ward extends west to State street south of 21st street.

Barunica moved from 2109 East 19th street to 1928 Grand avenue because of the new construction planned for basic oxygen furnaces for Granite City Steel Co.

## Air Products Plans to Triple Oxygen Output

A multi-million dollar expansion of its oxygen plant at 22nd and Monroe streets to triple production is being planned by Air Products & Chemicals, Inc., and the new facilities are to be completed by January 1967 in time to serve the new basic oxygen furnaces to be built by Granite City Steel Co.

Announcement of the expansion was made last week at the firm's main offices at Allentown, Pa. The firm has two locations here with the other in the 1500 block of Madison avenue for producing acetylene gases.

The new facilities are being planned to simultaneously produce 95,000 cfm of pure oxygen gas which will be custom blended with hydrogen from on-site hydrogen generators also to be constructed.

Air Products has extended the concept of on-site oxygen plants for steelmaking to include a pipeline supply of annealing oxygen. Oxygen is produced from air separation plants has an extremely low dewpoint and is free of carbon contaminants—resulting in brighter and cleaner steel, a company spokesman explained.

Annealing time also can be saved by use of nitrogen alone for purging continuous casting lines, such as galvanizing and annealing lines of combustible gases in the event of steel strip breaks.

The local plants of Air Products now employ 53 persons. Robin A. Scott is the district manager here.

## VITAL VOTER INFORMATION

### FOURTH OF A SERIES

## Mayor Wanted: No Ability Required, Just Have Lots of Free Time

For some time now the subject of the FULL TIME MAYOR has been a popular one. The discussion began with an editorial in the Press-Record extolling the virtues of FULL TIME MAYORSHIP to the voters in connection of the character and administrative abilities that are so necessary to the productive performance of a mayor in a town desperately in need of qualified and proven leadership.

Some candidates immediately gave the FULL TIME aspect of their campaign top priority. Some candidates adopted FULL TIME MAYOR as a platform plank, though the plan didn't have enough truth in it to be part of a substantial platform.

Some explanation of the issue is necessary. If FULL TIME were the prime requisite for a good mayor, then all out-of-work people with large, voting age families, would immediately be candidates with some chance of election. This certainly isn't the case. Neither is the case in which a choice must be made between two men of equal ability and character on the basis of who can spend the most time in the mayor's chair. The case is this: We are to choose the man among the candidates who can do the best job for the city, combining his tools, his integrity to the job at hand for some period of time.

A simple arithmetic formula tells the story quickly and clearly.

ABILITY x CHARACTER x TIME equals PERFORMANCE.

Ability is competence and skill acquired through training and development.

Character is moral force, integrity, capacity for honorable discharge of duty.

Performance, in our situation, means replacing bad

## Two X-Ray Technician Interns at GC Hospital

The x-ray intern program established at St. Elizabeth Hospital in 1963 is continuing, with Larry Williamson being completed his internship to qualify as a registered technician, and two new interns currently in the x-ray technology program here.

A hospital spokesman said today, interns at present are Miss Margaret Campbell and Paul W. Kelch, who are serving in the hospital x-ray department preparatory to going before the registry board.

The internship programs at St. Elizabeth Hospital, and at St. Mary's Hospital, East St. Louis, are affiliated with the Centerville Township Hospital School of X-Ray Technology, where most of the training is given.

In operation since May 1959, the Centerville school is the only approved school of its type in this area. Twenty-six of its graduates are employed as x-ray technicians. Applicants must be high school graduates.

At the local hospital, an intern is supervised by a registered technician and a registered radiologist while he gains experience in general x-ray, surgical and therapy procedures.

## Standing Ovation at Sad Time For Illinois Star Don Freeman

URBANA, Ill. — A startling ovation from 13,000 people — most of them fellow students — has to be the greatest thrill ever experienced by Don Freeman, a 20-year-old junior at the University of Illinois.

At the same time, Freeman explains, it was a sad occasion, since the tribute came only 36 hours after the death of his father when he returned to campus to play in a basketball game between Illinois and Iowa. Don knew of his father's serious illness but word of impending death came too late for Freeman to reach his bedside. A friend of the family related to Don his father's wish that he play in the Iowa game.

Thus, the death, the ovation by students and fans, and Freeman's response in scoring a career high of 33 points in an Illinois victory.

Well-Respected Student Freeman's recognition was occasioned by this chain of happenings but was not due to a single event. Don is a popular

student on the University of Illinois' Urbana campus, well respected for scholarship, athletic ability and as a fine person. He was the unanimous choice

of teammates to captain the 1965-66 Illinois basketball team. This selection made him the second Negro to serve in this capacity and it happens that the first was Mennie Jackson of Edwardsville, who had much to do with Don's matriculation at Illinois.

But, Freeman quickly adds that his mother always wanted him to attend Illinois. His father merely wished for Don a college education, but Freeman says: "He left me another great legacy — respect for people, their opinions, and their lives, regardless, as long as they are deserving."

"I like people and to know why they do things," says Don of his desire to work in personnel and management for some Illinois industry following graduation. A C-plus student in the College of Commerce and Business Administration, he is majoring in personnel management.

Could Score 1000 His basketball achievements at Illinois are well known. With 781 points already, Don can become the eighth Illinois varsity basketball player to score 1000 career points. The seven members of the 1000-point club are Dave Downey, John Kerr, Skip Thoren, Tal Brody, Bill Burwell, Paul Judson and Governor Vaughn.

As a sophomore, Freeman won the Ralf Woods Trophy for the highest Illinois percentage of free throws in Big Ten competition.

Don is a member of the Triple of Illinois, activity honor society for men who have earned a varsity letter in competitive athletics, and Schenck, activity honor society to recognize outstanding

### Three GC Wrestlers Win Championships In Ozark AAU Meet

Granite City wrestlers won three championships in the Ozark AAU tournament Saturday at Rittenburg high school. Kevin Niebur, representing the YMCA, won the 62-pound class in the Junior Division. Novice Division champs were Bill Badgett at 106 pounds and Mike Andria at 133 pounds.

Runners-up were Len Fuchs Jr., 68 pounds in Junior Division; Ernie Mills, 133, and Dewey Bell, heavyweight in Novice competition; and Steve Cavanaugh, 123, and Rich Bledsoe, 130, in the Open Division. Andria's victory came in overtime on a referee's decision.

Fourteen other local wrestlers were among the 231 participants from Missouri and Illinois.

### GCHS Opens Diamond Play At O'Fallon

Baseball opens for Granite City high school with a 4 p.m. Wednesday visit to O'Fallon. It is one of six games scheduled this week for the Warriors.

The GCHS track team was active Friday night, finishing 16th among 24 teams in the St. Louis Army indoor meet. The team scored one point on Duane Bridges' fifth-place finish in the pole vault. Sodian of St. Louis won with 33 points followed by East St. Louis Lincoln (25) and East St. Louis (19).

The track team, along with other local high school athletic squads, will begin outdoor inter-scholastic competition next week.

Coach Joe Fedora's baseball team has an ambitious schedule of 36 regular season games leading to tournament competition. Last year's team had a 24-10 record, missing a state tournament trip by losing the St. Louis sectional final to Springfield Griffin 2-1 in extra innings. In 1963, the Warriors were state runners-up.

After facing the Panthers Wednesday afternoon, the Warriors are slated to face St. Jacob Triad Friday afternoon at Wilson Park. Two doubleheaders are scheduled Saturday with half of the squad home to Freeburg at 11 a.m. and the other half visiting Mascoutah at noon.

Fedora has seven lettermen back from the 1964 squad.

**Boosters Meet Tonight** Boosters of the Fighting Warriors meet at 8 p.m. today at the YMCA. Jim Morrison, Granite City high school track coach, will be featured.

## There is Joy In Collinsville

"March madness," that peculiar sensation that annually envelops Illinois high school basketball enthusiasts, has taken the form of "March happiness" today in Collinsville.

An estimated 10,000 persons greeted the state champion Kahoks yesterday as they arrived in triumph from Champaign-Urbana. They won the state title Saturday night by beating Quincy's Blue Devils 53-52 at 10,000 at the University of Illinois' Assembly Hall and thousands of television viewers across the state watched.

The Kahoks defeated Chicago Marshall's Commandores 76-64 in Saturday's semifinal after blasting Lockport's Porters 70-45 in Friday's quarterfinal. They had advanced to the "Elite Eight" via the Granite City regional, the Wood River sectional and the Olney super-sectional. Their final record was 30 victories against two defeats.

Collinsville's second state championship (the first came in 1961) was a surprising climax to a season that began with the Kahoks playing unspectacular basketball and, later, saw coach Vergil Fletcher missing some games due to hospitalization brought on by high blood pressure.

Much of the credit for the success goes to the Kahoks' zone-pressure defense that forced opponents into frequent errors. Fletcher calls it "a ball press—we're always going after the ball."

Another factor was the sensational play of Dennis Pace who scored 246 points in nine tournament games, a 27.3 average. He fell seven short of the record 121 points in four "Sweet Sixteen" games set by LaGrange's Ted Chiazza in 1963. In the championship game, guard Jack Darlington scored 17 points, Pace 15, Don Birger 11, Harry Parker eight and Steve Gauen four.

Pace and little Gary Thompson of Quincy were unanimous choices on the all-tournament team. Other selections were Rich Bradshaw of Chicago Marshall, Steve Ruberski of Junior's Harry Hall of Thornton. Darlington made the second team.

Other tourney notes: Marshall won third place by defeating Thornton, the pre-tournament favorite. The Kahoks forced Quincy into 14 turnovers and made nine steals. . . . Television viewers saw a brief sketch on some tourney stars of the past—but there was no mention of Andy Phillip and the 1960 Granite City state champs. . . . Coaches from all three local high schools attended the tourney. . . . Vergil Fletcher's brother Jack is assistant coach for the Marion team, another "Elite Eight" entry.

There has been no announcement on the future plans of Quincy coach Sherrill Hanks, who resigned last month and indicated he hoped to return to this area as a coach. . . . Rumors persist that Fletcher may ask for a cutback on his heavy duties at Collinsville where he's football, basketball and track coach, athletic director and teacher. . . . Pick Dehner, East St. Louis coach, was plugging his school as a 1966 sectional or super-sectional site. . . . Cook county coaches are asking for a tournament system that will guarantee more Chicago-area finalists.

## Dr. Wagner to Tell of Tour

Dr. O. Walter Wagner, executive secretary of the St. Louis Metropolitan Church Federation and a world traveler, will show color slides here Wednesday and relate the highlights of his trip last summer to see church representatives at the Vatican and confessional church groups inside three Communist countries.

The service is open to the public and will begin promptly at 7:20 p.m. at St. John United Church of Christ.

Dr. Wagner was one of 20 leading American churchmen selected to study the spiritual life of churches overseas and to work toward a closer working relationship among the major branches of Christendom. This group spent considerable time at Rome, worshipping, studying and discussing areas of cooperation and areas of differences with leading spokesmen of the Catholic Church.

The group next spent time studying church conditions behind the Iron Curtain in Czechoslovakia, Hungary and Russia. Dr. Wagner has eye-witness accounts to tell of encounters with the Communists as well as pictures to show of conditions in these countries.

This was the seventh world tour concluded by Dr. Wagner in recent years. Members of all churches are being invited to hear him. A nursery will be provided for pre-school children.

A junior church for grade school students will feature Dr. Theodore Van Dyck, who will show slides of his recent trip through Latin American countries.

## Air Pollution Control Law, Garbage Bids Slated Tonight

Key business left over from last week's Granite City council session and scheduled for tonight's meeting includes the proposed air pollution abatement and control ordinance and the opening of bids for either purchase of lease of equipment for a city sanitation department or a new contract with a private firm to do the job.

Lack of time prevented the air pollution ordinance — 19 pages long — from being presented for first reading last week. Alderman Samuel Whitmer, chairman of the special Air Pollution committee, said the proposed ordinance has been reviewed both by the committee and by local industries. Copies were distributed to council members for study prior to tonight's meeting.

Whitmer said he will present the ordinance for adoption this evening.

The garbage-trash bids went unopened last week with two action-deferral motions made by Alderman Betine and Alderman Pence of the Sanitation committee. Also a suggestion was made last week that new specifications be prepared for the trucks to be considered for purchase or lease in order to eliminate any possibility of an overload, but no action was taken.

The deferral move was made as Finance committee Chairman Rutledge presented the bids for opening.

**List of Bidders**

Bidders include Brewer Motor Co., B. E. Hohl, Inc., Hundley Pontiac and Farmington Motors, all of Granite City, O. R. Avery Co., St. Louis; Porter Contracting Co., Collinsville; Key Equipment & Supply Co., St. Louis; Missouri-Illinois Tractor Co., Hazelwood, Mo.; National Disposal Service, Barrington, Ill.; the Hyde-Park Sales Co. and Refuse Equipment Co. for which no addresses were available and

## 4 Kroger Store Employees Win 'Friendliness Awards'

Winners in the Kroger Co. local store special campaign of friendly customer service were given "friendliness awards" at a dinner held last night at the Sunset Hill Holiday Inn. The store received a "friendliness plaque."

Approximately 90 persons attended the affair which was held in conjunction with a special campaign of friendly customer service which has been conducted by the St. Louis division of the Kroger Co.

Granite City award winners were Joseph Pettit, 2487 Waterman avenue, manager of the local store; Mrs. Elizabeth Skinner, 2800 Nameoki road, a checker; Mrs. Marjorie Shields, 2819 Buxton avenue, a checker,

and Mrs. Mary Chosich, 1823 Brown avenue, a checker. The program was developed by the 50 store managers of the division on the basis of forms submitted by employees in which they outlined needs by which they believed customer service could be improved.

Two hundred executives were hired to shop at Kroger stores on a periodic basis, and whenever an employee demonstrated an unusual act of courtesy or of special service to the customer, a friendliness award was given. Currently, 515 employees have earned awards based on more than 7000 shopping trips.

## Six Zoning Changes Approved by Board For Area Property

Zoning changes for six Quad City area properties were approved by the Madison county board of supervisors last week on the recommendation of the zoning board of appeals.

Mike Sasyk and Kelly Dutko of Madison were granted variance in lot sizes in Arlington Heights, Nameoki township.

Orville W. and Pauline J. Guentzel received a special use permit for a beauty salon at 2042 Harris street, Madison.

A tract of land about 2 1/2 miles south of By-pass 66 on the Old Alton-St. Louis Wagon road in Venice township owned by Albert Bauer and Thomas and Concetta Baker was rezoned from M-2 general manufacturing to R-3 one-family residence district.

Another tract on Buenger blvd. near Ivy lane in Nameoki township owned by Charles A. Meyer and Everett G. and Josephine Price Steel was rezoned from R-4 one-family residence to B-2 limited business district with a special use permit for two-family dwellings.

Special Use Permit  
Raymond G. and Mary Jo Mothershead, purchasers, and James E. McCart, owner, received a special use permit for a beauty salon in a residence on a lot in Nameoki township located one mile west of Highway 111 one block off Pontoon road, providing no actual residence be established in the building as it would create two principal dwellings on one zoning lot, in conflict with the zoning ordinance.

Other Action  
Among other action the board heard a report from Harold Landolt, board chairman, that Southwestern Illinois University officials and administrators proposed a get-acquainted dinner meeting with board members during the latter part of April at the Sunset Hill Holiday Inn.

Authorized a call for bids for 600,000 gallons of road oil for county-wide road districts. Received reports that 133 county liquor licenses were issued in 1964, with fees of \$37,620, 10 licenses less than in 1963; that the county nursing home, which now has 59 residents, averaged a cost of \$6.72 per day per patient, with a \$1.83 daily average food bill; that the county jail averaged 21 prisoners a day at a cost of \$12.54 each, with food costing \$2.48 per day; and that the county sanitarium now has 41 patients, a decrease of one from last month.

## TB Mobile X-Ray Unit Continues Survey

The Madison County Tuberculosis Association mobile x-ray unit will return to the Quad Cities again this week for further free chest x-rays as part of a county-wide survey begun early this month.

The unit will be at the Granite City Army Depot from 8 a.m. until noon and from 1 to 4:30 p.m. Wednesday, and at the Dow Metal Products Co. Thursday from 7 a.m. until 9:30 a.m., from 10 a.m. until 1 p.m., and from 2 to 5 p.m.

On Monday, March 29, the unit will be stationed at the Union Electric Co. in Venice from 6 a.m. until 8:30 a.m. and from 2 to 4 p.m. and at the Ira King store in Madison from 10 a.m. until noon.

Released on \$1500 Bond  
Richard Rokita, 29, of 2405 Glenn drive, was released on \$1500 property bond Thursday pending a hearing set for March 27 in Madison. He was arrested Wednesday by state police on charges of fictitious display of registration and driving a car while under a responsibility suspension.

Crash on 22nd Street  
Involved in a collision Saturday afternoon on 22nd street at the railroad tracks were east-bound autos driven by Paul Sebold, 2406 West 23rd street, who had damage to the rear of his car, and Philip Cory, 2035 Delmar avenue, who had damage to the front of his auto.

## W. L. Showers to End 40 Years in Ministry

Rev. W. L. Showers, a minister for 40 years and pastor of the Second Baptist Church in Granite City for the past 18 years, has announced his retirement, effective April 30.

Rev. Showers will continue to make his home in Granite City after his retirement and he and his family will move the latter part of April to 3233 Rodger avenue from their present residence at 2100 Illinois avenue.

A successor has not yet been named, but a church committee is studying qualifications of candidates. Rev. Frank Marshall, pastor of the First Baptist Church at Bethalto, will be guest pastor at the church March 28.

Rev. Showers has a long record of activity not only in building up the church's physical properties, but in establishment of missions and special avenues of service. Upon his arrival at the Second Baptist Church in 1947, the congregation was wor-

REV. W. L. SHOWERS

and during those years was a member of the Brotherhood Committee.

First Sermon in 1925

Rev. Showers preached his first sermon in 1925 and for the first 18 years of his ministry worked independently, serving for several years in the south where he preached in school houses and ministered to the underprivileged. Later he became pastor of churches in southern Indiana. He came here from Indiana to Venice in 1943, uniting with the First Baptist Church where he was ordained and became its pastor. During his 40 years in the ministry, Rev. Showers has read the Bible 117 times, an average of nearly three readings each year.

Rev. Showers holds an outstanding record in the Marine Corps during World War II, serving 12 months in France, during most of that time he served as a dis-

patch runner from battalion headquarters to officers of the front lines and suffered concussions on two occasions.

The concussion injuries occurred when heavy artillery shells exploded near him as he was delivering dispatches. He served with the Fifth Marine Regiment of the Second Division which served as shock troops. He participated in three major battles and was gassed and injured in the Meuse-Argonne.

He was chosen as a runner for the staff of General John J. Pershing on the return trip to the United States after the war ended and served with the general on board ship and later in New York before being mustered out. He has the Distinguished Service Cross, the Navy Cross, the Marine Medal, the Victory Medal with two Presidential Citations.

Rev. Showers is married and has one daughter, Ruth Ann. He plans to continue in revival meeting work and in serving churches as an interim pastor and in Bible Teaching Conferences.

vealed for example that the district had spent about \$270,000 in the past year for that period and that a large portion of the payroll went to politicians and their relatives some of whom were relatives of members of the board of trustees at that time.

The Democratic precinct committee in East St. Louis 60 were carried on the payroll at one time and another time. The different designations as clerk, laborer or foreman at payroll ranging from \$100 to \$150 a month. Biggest payroll month for the 1945 year was November, the month following a circuit judgeship election; during that month 223 employees were carried on the payroll.

The late Edward Hagnauer, then mayor of Venice, was listed on the 1945 payroll as an inspector at \$111 per month while the late Frank Reidelberger, Sr., police magistrate and later mayor, was paid for 10 months at \$100 a month. Reidelberger was quoted as saying that he worked the levees for a couple of months.

Some of the relatives of politicians named on the payroll for 1945 were: Francis Fields, brother of Alvin G. Fields, who at that time was the mayor of the levee district but now is mayor of East St. Louis, listed as a transit man at \$200 per month; Joseph Effinger, brother-in-law of the late Leo J. Dougherty, then Democratic boss of St. Clair county, Effinger was an inspector at \$111 a month.

Lawrence Spaw, brother-in-law of then police commissioner John T. English, of East St. Louis, listed as a roddman at \$105, and James English, brother of the police commissioner, described as a policeman at \$150 per month. William English, brother of George English, a precinct committee man and Democratic leader, was a watchman at \$100 a month.

Nonn, Maerens Families At times passed on pressure from Madison county political leaders forced upon the levee board more widespread recognition of the overall political picture, an expansion in patronage for this area became noticeable. In 1959, for instance, the annual report of levee district expenditures showed a considerable increase in the number of Madison county residents on the payroll. For that year, Walter Nonn, Granite City alderman, was paid \$1389 in salary.

Major Stephen Maerens was paid \$1855 as levee district treasurer. Madison County's insurance firm received \$349.

The mayor's late father, John Maerens, received \$1400 in salary and Nonn's father-in-law, Deszo Elek was paid \$539. Frank Kline, highway commissioner of Venice township, was paid \$1830 and Leo M. Devany, former Venice mayor and alderman received salaries that year totaling \$2122.

Simmons, Costoff Walter Simmons, Venice health inspector then and now current chairman of the Madison county Democratic Executive Committee, received \$1895 in levee district salary for 1959.

In addition, the names of a number of Quad-City residents showed up on the payroll. These included Christ Costoff, now the Venice Madison, Democratic chairman and a Madison alderman, \$1744; Benjamin Frizzell, \$1634; Ralph W. Land, \$2133; Postawick, \$2171; Arthur Skidmore, \$2013; Curtis E. Reed, Jr., \$478; William F. Clinton, \$647; John H. Haynes Jr., \$346; Kenneth Prack, \$1865; and William Dawes, father of then Granite City Alderman Emerald Dawes, \$884.

During 1960, most of the same names were on the payroll, as well as that of Fred P. Schuman, then city judge of Granite City, who drew a \$3179 salary in 1960 as a levee district attorney.

Payroll in 1964 included Jim Mack, politician, \$2013; Nom, Culvert inspector, \$1230; Mayor Maerens, insurance consultant, \$289; and Harry E. Hartman, attorney, \$120. Fian-Maerens insurance business totaled \$2528.

Levee Hearing Friday Will Begin at 10 A.M. A 10 a.m. starting time was announced today by Dick H. Mudge Jr., attorney for the Commission on Sanitary District Operations. In discussing the commission's hearing set for Friday, March 26, at the city hall in Granite City.

The hearing will be conducted in the circuit courtroom on the circuit courtroom on the top floor of the city hall by members of the six-member Illinois General Assembly commission, which is headed by State Senator John A. Graham.

Details of the judicial hearing have not been fully arranged, but it is anticipated that the session will continue into Friday afternoon. Evidence and testimony relating to operation of the East St. Louis Sanitary district will be heard.

office at that time. The peculiar situation developed in a factional split of the board consisting of Thomas F. Hennessy, Lawrence Toller (now president of the board) and J. E. Molla on one side, and Dan Costello, president of the board (now a state representative) and George Duff on the other. Costello and Duff controlled the district activities through backing from the city hall organization headed by Fields, even though they constituted a minority of the board.

In an unprecedented move, particularly for a majority of the board, Hennessy, Toller and Molla charged that the district payroll had been padded with city jobs. They cited supporters of Mayor Fields.

In an attempt to prove their allegations, the three men made spot checks for two weeks of the number of men who reported to work each morning. They claimed they counted an average of about 35 men per day.

Thomas Stancoff, Poon on Beach village president, is currently the levee district treasurer. Nannon, township president, Harry Briggs is a former levee payor.

Mrs. Juanita Blevins, 2907 Denvers street, was injured early Sunday morning in a two-vehicle collision on Route 3 about two miles north of the A. O. Smith Corp. plant. She was taken by ambulance to St. Elizabeth Hospital with neck injuries.

State police said she was a passenger in an auto driven by her husband, Clinton Blevins, and the other car was operated by Lee Green, 2308 Denver street. Both cars were traveling south.

A young motorist who was reaching for a sandwich that was falling off his lap while he was driving in a parked car. The driver, Robert Gault, 17, of 735 Twenty-sixth place was going north when his sandwich started sliding. His car struck a parked car belonging to Charles E. Davis, 224 Illinois avenue, and knocked it into another parked car belonging to W. E. Davis, 202 Illinois avenue.

Machinist (Continued from Page 1.) included "greatly increased" insurance benefits with the company absorbing all of the additional premium costs, and a similar increase in pension benefits. Magnin said that these benefits could be stated in actual figures as most cases vary depending upon the length of time worked by each employee. He said other miscellaneous "fringe benefits" were contained in the contract.

The old contract for the company's labor cost expired last Aug. 31. Unable to reach agreement on a new contract, the laborers went on strike in November and have been off the job since that time.

"There are a few things that we have to iron out but it looks as if we were near a settlement," Green said.

"No further negotiation meetings have been scheduled and we will talk directly with the company on the few points yet to be settled," the business agent added.

# THE PASTOR SPEAKS

**REV. DAVID R. MAXTON**  
 First United Presbyterian Church

The Bible is so clear about everything. It is the word of God.

Man is not in the world for any length of time. While he is on the earth, he must get some things clear in his mind.

Often man gets off the track in his thinking. Let me note one way in which this has happened. The Bible reads: "For in Christ Jesus are all sons of God, through faith. There is no doubt about those words. They are crystal clear; they are pointed; they are forceful; they give in capsule form the great mercy and understanding of God."

Just following the above words are: "There is neither Jew nor Greek, there is neither male nor female; for you are all one in Christ Jesus."

**Word Of God Is Clear**

Could you spell out a better way of giving the mind of God

# Civil Service Plan For Deputies

(Edwardsville Intelligence)

The progressive attitude of Madison County Sheriff Sheriff Fraundorf was to be expected in his support of putting sheriffs' deputies on civil service.

His attitude as sheriff during the past two years has been one of progress as evidenced by the smooth running department that he now heads.

A bill was introduced in the Illinois House of Representatives that would put the deputies of certain sheriffs' offices under a merit system. This would, of course, relieve conscientious officers from having to support an unpolitical police service.

Members of the merit system would be appointed by the sheriff and would be confirmed by the county's board of supervisors. They are not sure if the merit board and system is the best, as we have advocated in the past that the departments be put under civil service for permanency to such a department as in Madison county, which has miles upon miles of unincorporated areas to patrol, investigate crimes in and perform other police work.

As was pointed out last month in a request from Sheriff Fraundorf, for the population of Madison county he has over 100 more men and several more patrol cars. If he even received men and five more cars, we would be happy.

The real incentive in the merit system is that it does nothing for the sheriff himself. We feel that many counties in Illinois, the sheriff's office will do about this, a process server at best.

# POLITICAL MACHINE DETERS MADISON REBIRTH

The old neighborhood of Alton avenue is sure coming alive; all it took was for a city official to move here.

I have lived in the same place for 40 years, and I know the house has taken place on Alton avenue.

There were many old eyes, some in particular which had no one living in it for the last four years. We tried to get something done about it, but at the time no one would listen, because it was of no interest to them.

We were supposed to have petitions signed in order for the house to be taken care of. They haven't signed a petition to date, but the house is being taken care of, anyway. Something took place. Could it be because the official now lives across the street?

In another house lives an old-time resident, who has been a widow for years. Her house could have looked just as good as a lot of others if the men who were beneficiaries of her husband's money would have taken care of her and her home as her husband had done.

Madisonians in these fellow countrymen to take care of her. She has no living relatives. She has no one to take care of her.

## Candidates Favor a Fully-Informed Public

What should the next mayor of Granite City do to inform the public on actions and proposed actions by himself, the city council and municipal committees?

The six mayor candidates—Von Dee Cruse, Gene H. Sternberg, Casper Nighobossian, Mrs. Gabrielle Bettine, Sam Whitmer and Donald Partney—all have views on the subject. Their plans if elected are given below.

Cruse: "Communication is important. I want the public informed, and I intend to issue regular, detailed reports to the public."

"All news media will find an open door at the city hall. I believe reports should include information concerning the topic of discussion, what action was taken and why it was taken, upon in one way and not another."

"An informed public can be a great assistance in gaining our goals."

Sternberg: "Communication between the mayor and the town must be improved in quantity and quality through cooperative effort with radio and newspaper. I shall push for a city hall column in our Press-Record to get committee meetings, their

debater, proposed actions and current actions before the public. I would push for a weekly news service 15-minute spot, with questions posed by members of press and radio and representatives of groups with particular, but not completely selfish, interests."

Keep Informed, Involved: "A mayor who is informed on what is going on by the public, but not completely selfish, interested."

Nighobossian: "The only guideline is that the mayor who is available to the public through the news media or individuals who are interested."

Mrs. Bettine: "This question hits on the very root of most of the evils besetting the council. There is little if any paper work handled in the executive office or by council members—no files, records or provisions by which the members might retain the same at the city hall. All must be done at home."

"Office hours need to be set up, for any business. Meeting Rules, Agendas: "Rules of parliamentary procedure need to be written and adopted for the orderly conduct of city business."

"An agenda, itemized and prepared in advance for the public and the aldermen, needs to be instituted and kept up in conjunction with the weekly minutes, as well as reports from various committees."

The agenda and committee reports would assist toward a knowledgeable council. Parliamentary rules would insure safe conduct and routing of business. And the office hours would assure the time and effort necessary toward these ends, in addition to all the other important matters requiring daytime hours and accessibility for the proper functioning of a chief executive."

"If these three points alone of my platform were achieved, they would step up progress and eliminate the utter confusion and utter darkness in which the council operates week after week, year after year, in its same old rut."

"Not an official has ever offered to do this, nor mentioned its importance or significance. Yet it is the very foundation from which to start to lift the city out of its rut."

"This task is hand-tailored for a woman. I am this woman because of my experience, both practical and theoretical, because of my desire and inclination toward the ideal, and because I see so clearly what needs to be done."

Full Reports Desirable: "Whitmer: "As a general rule, information should be released to the public immediately. On rare occasions, it is necessary to withhold it until a full report can be made; when information is released in parts, the whole meaning is sometimes lost."

A straight and honest relationship between the public and city administration must be maintained for mutual trust."

Partney: "I feel our local press and radio do a good job at present. However, I most certainly encourage a large turnout of the public at council meetings."

### UNDERSTANDING ART

A luncheon was served to members of the Nameoki Women's club Wednesday in the home of Mrs. Russell Johnson, 2165 S. Main. Mrs. Johnson, Mrs. Roy Wilmsing was the co-hostess. A St. Patrick's Day theme was used in the food and table decorations.

Mrs. Charles Littlejohn, president, introduced the guest speaker, Gene Sternberg, who spoke on the coming city election. Littlejohn conducted the business session, which was opened with the pledge of allegiance.

SOCIAL CLUB MEETS WITH MRS. LOFTUS  
Mrs. Sharon Loftus entertained her club Wednesday evening in her home, 26 Bernside lane, for a monthly meeting.

Games were played and prizes went to Mrs. Jackie Reinage and Mrs. Shirley Trotter. A special St. Patrick's Day prize was awarded to Mrs. Reinage.

The hostess served a dessert luncheon to those named and Mesdames Shirley Heath and Pat Kent.

The next meeting will be held in the home of Mrs. Evelyn Smith.

### Long-Range Planning Advantages Outlined

The necessity for long-range planning in the beautification of the city of Granite City was the topic of William L. Filipo, an architect with the Altom firm of William L. Filipo and Associates, who spoke Thursday at a luncheon meeting of the Granite City Optimist Club held in the YMCA.

The guest speaker, who was introduced by program chairman, Henry D. Karandjef, discussed the need for extensive preparation and well-developed plans when modernizing and beautifying older business areas. He added that established central business districts must continue to plan for future growth and maintain customer patronage with new ideas.

Robert Braver presided over the business portion of the program and introduced two guests, Zone 11, Gov. Eugene Barnett of Altom, and Henry Ross of Granite City.

Next week, a 12:15 luncheon is planned by the club to be held at the Granite City Army Depot with Col. Charles B. Schweitzer, depot commanding officer, to address the group. Luncheon reservations may be made this evening by calling Raymond Gaudette at TR. 6-1450, or TR. 7-4085.

Yount will arrive in Granite City on April 15 following his discharge and expects to return to his job at the McDonnell Aircraft Co.

## Suggests Availability Of Pensions be Checked

Disability pensions and death pensions may be available to certain wartime veterans and to widows of deceased veterans, according to Joseph D. Wetton, service officer of the Illinois Veterans Commission. His office in the city hall of Granite City is open Monday through Friday from 8:30 a.m. until 4:30 p.m.

Wetton said pension entitlement is on a year-to-year basis. Many widows and veterans who have been denied benefits for the 1964 year may be entitled to payments in the 1965 year. A veteran must meet the medical, income and net worth requirements in order to qualify. Wetton said pension rates payable to veterans may range from a base of \$43 for a single veteran to \$115 for a veteran with dependents.

The amount payable to a widow without dependents ranges from \$27 to \$64 and increases according to the number of dependent children.
